1995 Year-End Report

We completed the following publications:

1. Lessons In Sign Writing® Video Series & Booklets

Lucinda O'Grady Batch and Kevin Clark taught Sign Writing on two half-hour videos, which are now available as educational videos or as TV programs. Each video has an accompanying booklet reviewing the symbols presented. Published June, 1995.

2. Lessons In Sign Writing® Textbook & Workbook.

Valerie finally finished the textbook! It has 15 chapters and teaches all of the symbols in Sign Writing. It is the central reference book for Sign Writing and is useful for advanced study. Published November, 1995.

3. SignWriter® Computer Program, version 4.3.

Valerie worked two months, with assistance from programmer Richard Gleaves, updating the symbols in the SignWriter Computer Program, which became the latest version 4.3. Two countries were added, Spain and Portugal (see over).

4. Sign Writer® Newsletter On The World-Wide-Web!

In 1995, we established a Sign Writing Website and posted the newsletter on the Web in Nov. 1995. We hope to post newsletters quarterly in 1996. Come visit us at our new Web address: www.SignWriting.org
