

Hearken to

[the] words

from

[the] Star

Goddess;

She [whose] foot

dances among

[the] stars.

and

[whose] body

circles

[the] Universe.

I truly am [the] beauty like [the] green Earth and

[the] white Moon among [the] stars.

I [am] [the] secret in [the] Waters and [the] wish

[of] [the] hearts

[of] people

I

summon

spirit

Stand!

Wake up!

and

come!

Why?

I [am]

[the] Spirit

of Nature

I give continually

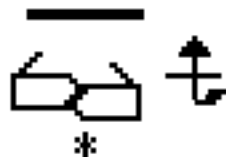

life

to

[the] Universe —

I birth

all

things

and

all

things

return

My

beauty

[is] loved

by

Gods

and

people.

My

embraces

your

secret

self

in

heaven

magic

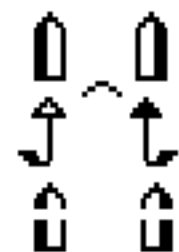

My worship is truly in hearts [that are] happy.

Remember, all acts [of] love and

pleasure truly become my worship.

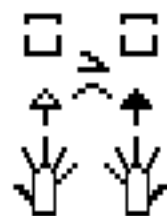

Let there be

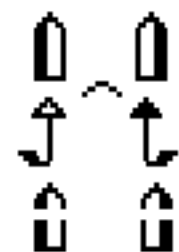

beauty

and

strength!

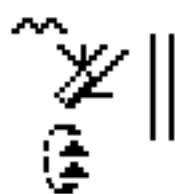

Let there be

power

and

compassion!

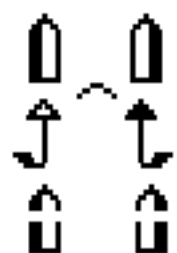

Honor

and

humility!

Let there be

mirth

and

worship —

all

joined

within

you!

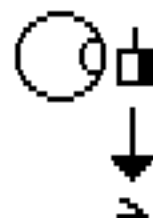

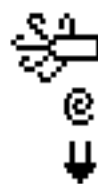

And

all of you

[who] think

to seek

me,

know

[that] seeking

and

wanting

will not

succeed

without

knowing

[the] secret!

If

you search

not

inside.

you will not

find

outside.

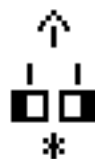

Why?

I

[have been] with you

each of you

from

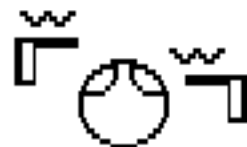

[the] beginning.

and

I [am]

[the] hope

of all

your

desires!
