English-ASL Dictionary 2

| English | ASL |
|------------|---|
| act slowly | The ASL sign for 'act slowly' consists of a circular icon of a mouth with a wide, open, rectangular shape inside, representing a slow or drawn-out action. Below this icon, there are two hands with fingers spread, positioned as if they are moving slowly apart or together. A horizontal double-headed arrow is positioned below the hands, indicating a slow, reciprocal movement. |
| action | The ASL sign for 'action' features two hands, each with a circular icon above it. The hands are positioned as if they are moving in a circular path, with arrows indicating the direction of movement. A small curved arrow at the bottom indicates the overall circular motion. |
| action | |
| actor | The ASL sign for 'actor' shows two hands, each with a square icon above it. The hands are positioned as if they are moving in a circular path, with arrows indicating the direction of movement. A small curved arrow at the bottom indicates the overall circular motion. |
| actor | The ASL sign for 'actor' is similar to the previous one, but it includes an additional set of hands at the bottom. These hands are positioned as if they are moving in a circular path, with arrows indicating the direction of movement. A small curved arrow at the bottom indicates the overall circular motion. |

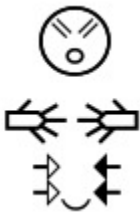

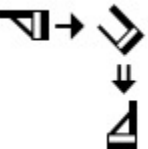

English-ASL Dictionary 2

| English | ASL |
|------------------------|---|
| ask (v) he she asks me | The ASL sign consists of two square handshapes. The first square is on the left, palm facing left. The second square is on the right, palm facing right, and is slightly higher than the first. A diagonal arrow points from the second square down towards the first square. |
| ask (v) I ask you | The ASL sign consists of two square handshapes. The first square is on the left, palm facing left. The second square is on the right, palm facing right, and is slightly higher than the first. A vertical arrow points from the second square down towards the first square. |
| ask (v) questioning me | The ASL sign is a complex sequence of handshapes and movements. It starts with a circular handshape at the top, palm facing left. Below it is a square handshape, palm facing left. To the right of the square is another square handshape, palm facing right. Below the square is a circular handshape, palm facing left. To the right of the circular handshape is another circular handshape, palm facing right. Below the circular handshape is a square handshape, palm facing left. To the right of the square is another square handshape, palm facing right. The sign ends with a square handshape on the right, palm facing right. |

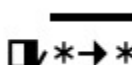

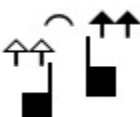

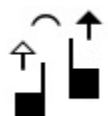

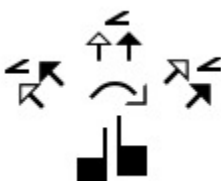

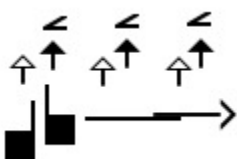

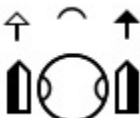

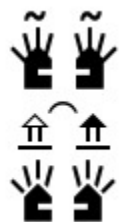

English-ASL Dictionary 2

| English | ASL |
|---------------------------|--|
| ask (v) questioning me | The sign consists of a circle with an upward arrow above it, followed by a series of hand movements including a triangle, a curved line, and a square. |
| ask (v) to ask a question | The sign consists of a vertical line, a solid black square, an upward arrow, and another solid black square. |
| ask (v) you ask me | The sign consists of a square, a downward arrow, and a square with a small 'L' shape attached to its side. |
| ASL | The sign consists of three solid black squares followed by a small squiggle. |
| asleep | The sign consists of a hand with fingers spread inside a circle, followed by a downward arrow and a square. |
| asleep soundly | The sign consists of a hand with fingers spread inside a circle, followed by a downward arrow and a square, then another downward arrow and a square, and finally a hand with fingers spread inside a circle with a '#' symbol below it. |
| assistant | The sign consists of a vertical line, a square, a small 'L' shape, and a squiggle. |

English-ASL Dictionary 2

| English | ASL |
|-----------------------|---|
| this compared to this | The sign consists of a circle at the top containing two upward-pointing arrows. Below the circle are two square handshapes, each with a downward-pointing arrow. A small curved line is positioned between the two downward arrows. |
| this one | The sign features a diamond handshape on the left and a square handshape on the right. Two asterisks are located above the square handshape. |
| this specifically | The sign shows a circle at the top containing three downward-pointing arrows. Below the circle is a vertical line with a small upward-pointing arrow at its base, which terminates in a solid black square. |
| those | The sign is composed of several distinct symbols: a solid black square, a diamond handshape, a solid black circle, and a square handshape with an internal horizontal line. |
| those | The sign depicts a diamond handshape with a line extending from its bottom. A curved arrow indicates a movement from the diamond handshape towards the top right. |
| those two | The sign includes a square handshape at the bottom, with two arrows pointing upwards from it. A second square handshape is positioned above the arrows. |
| those-2-above | The sign features a circle at the bottom containing two diagonal arrows pointing towards the top right. Above the circle are two square handshapes, each with an arrow pointing towards the circle. |
| thousand | The sign consists of an asterisk on the left, followed by a square handshape with an internal horizontal line, and a diamond handshape on the right. |

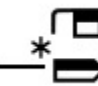

English-ASL Dictionary 2

| English | ASL |
|--------------------|--|
| you plural (right) |  The ASL sign for 'you plural (right)' is depicted with a small square icon at the bottom. From this icon, a vertical line extends upwards, ending in a curved arrow that points to the right. From the top of this curved arrow, three separate arrows branch out, pointing towards the top-left, top, and top-right directions. |
| young |  The ASL sign for 'young' is shown with two stylized house icons at the top, one on the left and one on the right. Below each house is a small circle containing a dot. A horizontal line connects the two circles. At the bottom of each circle, there is a small, angled line segment pointing downwards and outwards. |
| young |  The ASL sign for 'young' is represented by a horizontal line on the left. To its right is a small circle with a dot inside. Further right is a stylized house icon. A curved arrow originates from the top of the house icon and points back towards the circle. |
| youngest |  The ASL sign for 'youngest' features two small asterisks at the bottom. Above each asterisk is a stylized house icon. To the right of these houses is a small square icon with a vertical line extending upwards from its top. A curved arrow points from the top of this vertical line back towards the houses. |
| your (above) |  The ASL sign for 'your (above)' consists of a circle on the left containing two small house icons and a tilde (~) symbol below them. To the right of the circle is a stylized house icon with a vertical line extending upwards from its roof, topped with a tilde (~) symbol. |
| your (in front) |  The ASL sign for 'your (in front)' shows a circle at the top containing a tilde (~) symbol. Below the circle is a small upward-pointing arrow, which is positioned above a stylized house icon. |
| your (left) |  The ASL sign for 'your (left)' depicts a circle at the top containing a tilde (~) symbol. Below the circle is a stylized house icon. A curved arrow points from the top of the house icon towards the left side of the circle. |
| your (right) |  The ASL sign for 'your (right)' shows a circle at the top containing a tilde (~) symbol. Below the circle is a stylized house icon. A curved arrow points from the top of the house icon towards the right side of the circle. |
