

Creating Vertical Columns in SignWriting in Photoshop

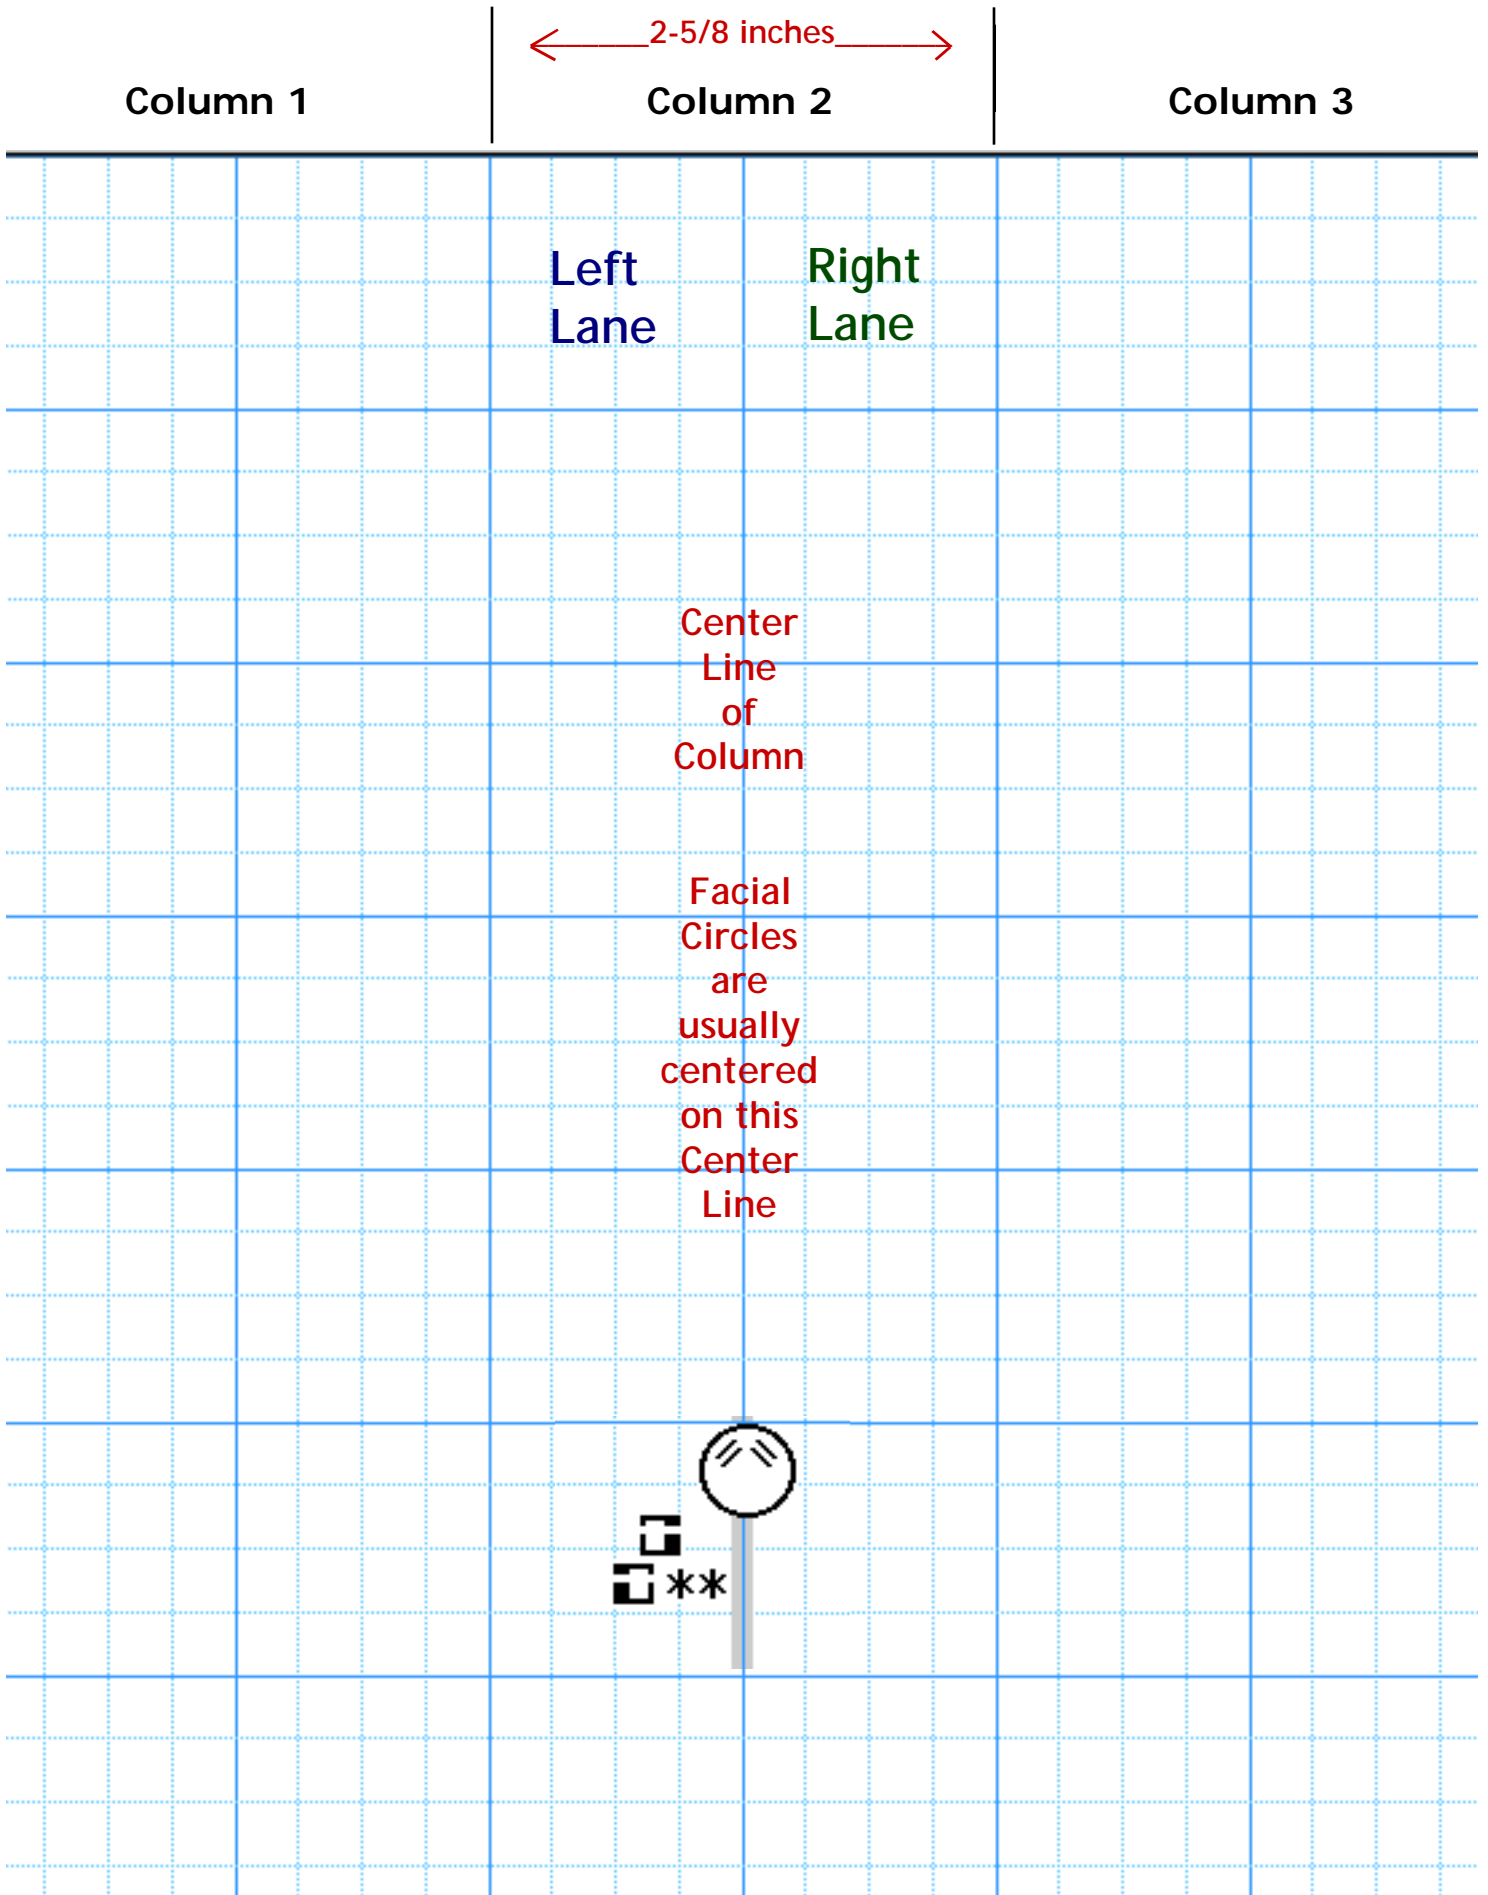

1. Start a new page in Photoshop. Choose this page size:

2. Create a grid. Choose this grid size:

3. This gives you three columns per page:

4. Then paste each sentence stacking from top to bottom...

← 2-5/8 inches →

Column 1

Column 2

Column 3

The workspace is a grid with three columns. Column 1 contains four identical sentences stacked vertically. Each sentence consists of a circle with a face, a hand holding a pencil, and a squiggly arrow. Column 2 contains a single large sentence consisting of a circle with a face, a hand holding a pencil, and a squiggly arrow. Column 3 is empty.
