QuickStart
SignBank® Runtime

1

SignBank works on Macintosh OS X, Windows XP & Windows Vista.

2

If you do not own FileMaker 8.5 or later, use SignBank Runtime, which does not require FileMaker.

3

**Copy SignBank Runtime** from the SignBank CD to your hard drive.

QuickStart
SignBank® Runtime

4

SignBank Runtime can also be downloaded on the web: http://www.SignBank.org/downloads.

SignBank Runtime

5

Open the **SignBank Runtime** Folder on your hard drive.

QuickStart
SignBank® Runtime

6

To start Runtime, click on the file that says "OpenMe"

For Macintosh: **OpenMeOSX**

OpenMe
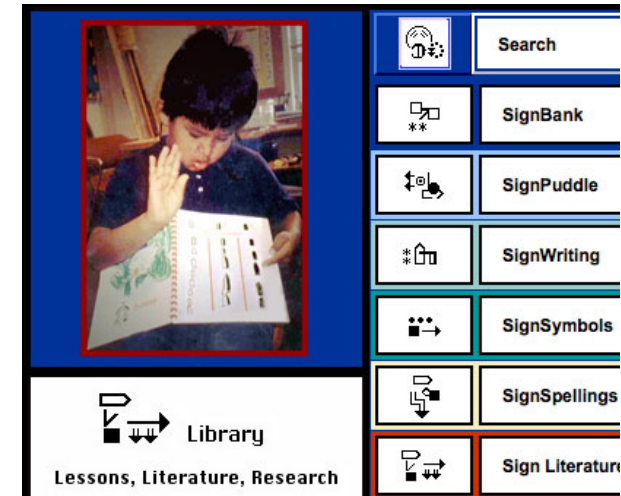

For Windows: **OpenMeWindows**
