Hello,  
This year Romuald Szurik and I presented SignWriting to Deaf secondary school students (several grade 1 groups).

I talked about the same SignWriting history as in Prague, but in spoken Polish :-).

It was interpreted into Signed Polish due to the fact that about half the students had graduated from mainstream schools earlier this year!

Romuald, using school teaching methods, taught the students how to write and read in PJM.

I'm attaching some pics took by one of my former students, Anna Hummel.

Lucy
