

ABSTRACT
Presentation 71
SignWriting Symposium 2018

SignWriting Vision 2030

Stephen E. Slevinski, Jr.
Software Developer of SignPuddle,
SWIS, & Sign Language Wikipedias
slevinski@signwriting.org

Across the globe, a common script for all sign languages, a developmental powerhouse, connecting sign language disciplines with text. SignWriting software for generations to come, including SignPuddle, SignMaker and the encoding of the International SignWriting Alphabet (ISWA) in Unicode (SWU) and Formal SignWriting (FSW).
